

NEW RELEASES

New technology: The ODOconnect

ODOTRACK is proud to present its newest technology designed and developed in Quebec: the ODOconnect. The BLE (Bluetooth Low Energy) technology and its extended coverage, due to the 3G network, improves the collection and transfer of data as well as meets the needs of our clients in remote areas.

Upcoming events

Come and join us, February 3rd, at our Quebec luncheon to discuss automobile tax issues. Our speaker, Mrs. Josée Jeffrey, will enlighten this intricate field as well as give you techniques as to how to get the most of your tax deductions.

Note that this luncheon will be held in French.

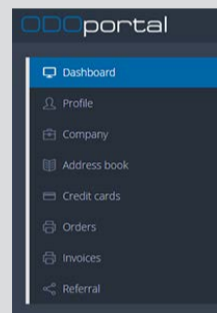

Date: February 3rd 2016
 Time: 7:30 am to 11:00 am
 Place: Hôtel le Concorde
 Address: 1225 Cours du Général de Montcalm, Quebec
 Cost: \$55

REMINDERS

Invoice

Please note that all invoices are available online, on your portal, under the "Invoices" tab. In order to receive your invoices by email, please make sure the email address in your settings is valid. If not, you can change it in your account directly.

Odotrack.mobi VS ODOhybrid

Here is what sets them apart:

Odotrack.mobi is a lighter version of our website. It gives you access to summary information such as: your trips, the location of your vehicle in real time and your logbook. You can access this site from any of your smart phones.

ODOhybrid, on the other hand, is a downloadable application designed for iPhone and Android. It allows you to choose, while on the road, the driver, the purpose of your trip and expenses.

TIPS AND TRICKS

Did you know?

You can now keep track of your devices' activity. You will find this history under the "event" tabs, found in the "Devices" module. This tab shows you your history in regards to your use of the device such as: functions 1 & 2, your travels, the power source, your battery life and much more.

TECHNICAL SUPPORT ADVICE

As we begin this new year, we recommend that you validate, in the "vehicle" module, the information regarding your vehicle such as your odometer and associated contacts.
