REMINDERS

Expense account

Do you enjoy all of the benefits ODOTRACK offers you?

For example, from your ODOTRACK Application or directly in your account, you can manage your expenses by adding a picture of each of your bills, method of payments and event comments allowing you to keep a full record of your expenses. ODOTRACK then generates your expense report for you.

Changing drivers

Do you have more than one driver assigned to your vehicle?

With your hectic lifestyle, it is easy to forget to change drivers before a new trip. Don't worry, ODOTRACK has you covered. To change the driver on existing trips, simply log in to your account and go to the "trips" module. Select the trip(s) you want to edit and click the "Set Driver" icon. Select the driver you want and save. Simple as that!

TIPS AND TRICKS

Did you know?

Even if you have a company-owned vehicle, it is your obligation to provide a compliant logbook to the authorities. With ODOTRACK, you'll know if choosing an optional calculation (50% of the standby charge) is better than a fixed-rate (\$0.27 in 2015 vs \$0.26 in 2016) to determine the operating expenses of your vehicle. This can result in a reduction of your taxable benefits.
